Performance and Portability

The **Dukane ImagePro 8052™** is the ideal tool for the presenter on the go. At only 7 lbs. The 8052 can be easily transported. It provides an exceptional image that is sufficiently bright to overcome ambient lighting in an office, conference room, or school. It will display images from a PC or MAC, and video from a VCR, DVD or other source. The projector sets up in seconds and features easy operation for the non-technical presenter.

Featuring true **800 x 600 SVGA** resolution plus compressed XGA and 2200 lumens of brightness, the **ImagePro 8052** is engineered to reproduce data with razor sharp accuracy and brilliant color imagery. With the capability to show HDTV and digital TV formats, this unit will meet all your future requirements.

In addition, the 8052 has a very quiet fan plus "whisper" mode where the light output is reduced to 1760 lumens and the operating unit can barely be heard. Other features are the component video input, an FCC Class B home environment listing, digital zoom, freeze for video, a Kensington slot for security, plus a super easy to use control format. The remote control is credit card size with a simple 4-way mouse function. Everything is arranged for your convenience and speed in set-up and operation.

This projector is backed by **Dukane's legendary service and a industry leading FIVE YEAR** limited warranty, plus a two year "Peace of Mind" program which is the finest in the industry.
